

H20

POS PC Hybrid

The hybrid system for any occasion

-  **11.6 or 13.3 inch TFT true flat displays**
Ultra-slim and elegant profile suitable for any situation.
-  **Mobility**
the display can be detached from its base and used anywhere on its own.
-  **Accessories**
Ample supply of accessories to meet all needs
-  **180° rotation**
to allow interaction with the customer.

The **H20** Hybrid POS PC is a unique device. Perfectly functional as a compact and attractively designed POS PC, the H20's display can be easily detached from its base for use anywhere. It can show the order summary in a restaurant, the various available colours of a jacket in a shop or be used to sign a release directly at the POS.

The unique "premium" base (optional) not only allows you to recharge the batteries and connect the necessary peripherals, but also keeps the POS PC connected to the base peripherals even when the not attached to the base.
