Orderman 10

ORDERMAN10

TECHNOLOGY AT THE HIGHEST LEVEL
Orderman**10** is the latest generation of the world-renowned Orderman handheld. Innovative components guarantee stability and robustness, dust and water resistance, as well as better visibility when working in sunlight. The long battery life allows you to work without interruptions.

Hot swap

Replacement battery 5.000 mAh

Thanks to the integrated 180mAh battery, you can change the battery during operation without

TAP TO PAY

NFC-reader for contact-less payments.

Works with all common payment applications thanks to Android 13 and Google Play Store

Suitable for working in direct sunlight

Anti-glare display guarantees maximum visibility even in sunlight

Additional Professional Accessories and Features

Includes a professional charging station (up to four stations can be connected with one power supply) and signature Orderman features like automatic power on/off.

Optionally available with integrated 2D scanner.

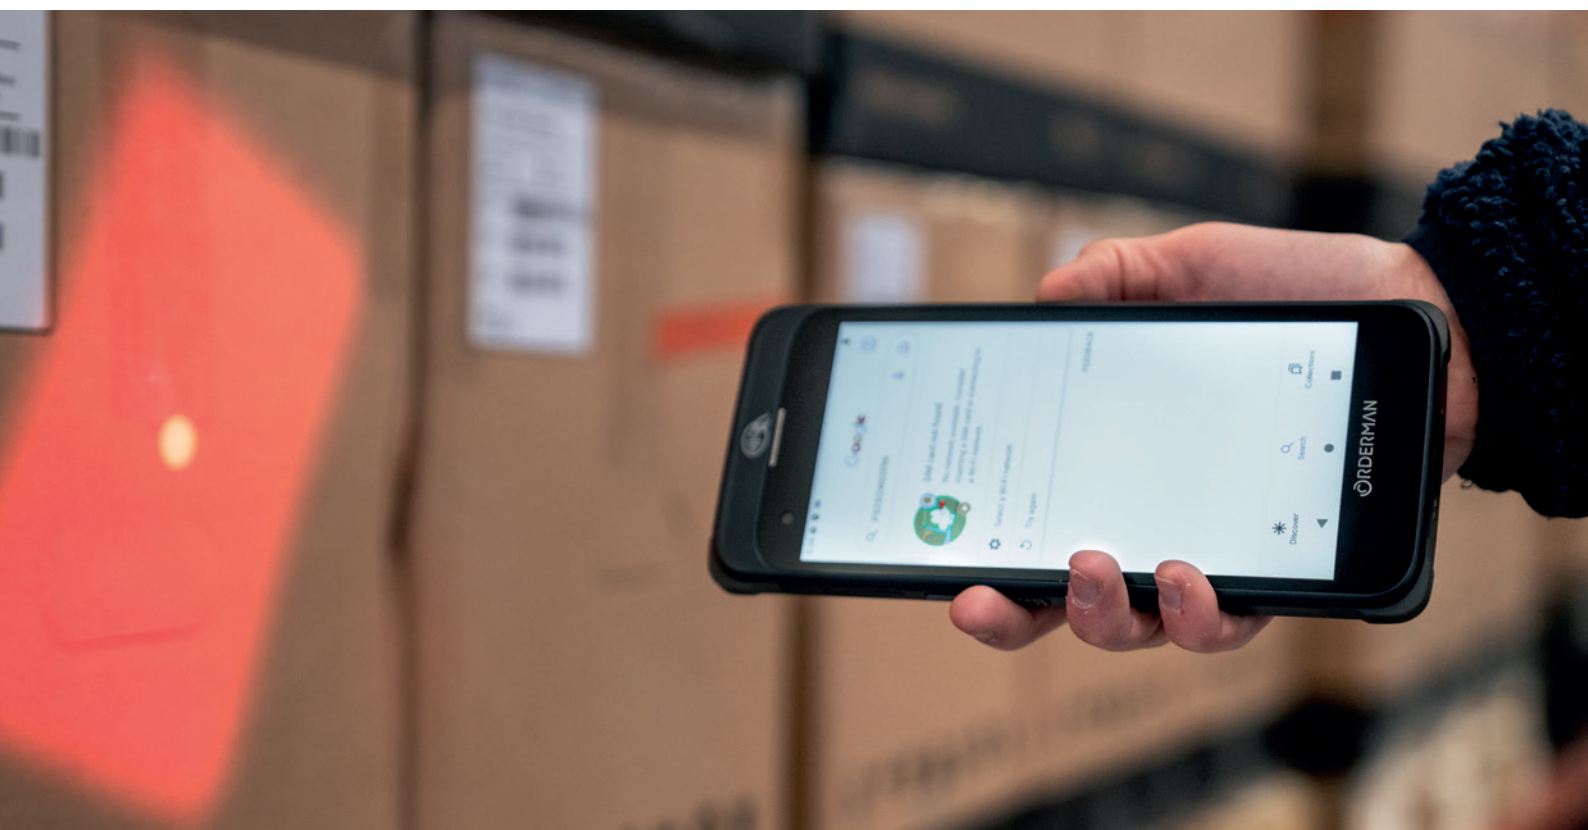

OPTIONAL

Charging Cradle

Multiple Charging Cradle

ADVANTAGES

Very bright anti-glare display

Large and contrasting 6 inch display

Waterproof

Resistant to water and dust - IP67.

Maximum connectivity

Reliable, future proof WIFI, LTE/4G technology

Orderman Management Software

for easy installation and maintenance

Android 13

with Google Mobile Services

Drop resistant

from 1,8 meters

Orderman Secure Radio (ISM 433 MHz)

Now again with Orderman radio and compatibility with Orderman Max and Orderman Sol on Orderman base station OMB3, OMB4 or W-Lan.
